RE: John Doe, Postural Support Exception Request
DOB: 04/19/1982

To Whom It May Concern:

I am writing you to express my support for an exception request for my client John Doe. The exception is requested for John's safety and postural support.

John has lived at ACME Home #1, Facility #374000000, since January 15, 2018. He is a 37-year old, non-ambulatory male with diagnoses of Moderate Intellectual Disability and Cerebral Palsy.

John tends to lean forward in his wheelchair, which could potentially result in physical injury. He does not respond to verbal requests to sit up and, if physically assisted in doing so, will quickly lean forward again. To ensure his overall health and safety, a protective chest support is being requested through his primary physician to be used at all times when John is in his wheelchair.

Please see the following attached documents in support of this request:

- A recommendation from John's primary physician.
- A letter of support from John's mother/conservator.
- A letter of support from John's regional center Service Coordinator.

I sincerely appreciate your timely response this request. If additional information is needed, please do not hesitate to contact me at (619) 555-1212 and/or jane.acme@yahoo.com

Sincerely,

Jane Acme
