

PRN DOCUMENTATION FORM

"PRN Medication" (pro re nata) means any nonprescription or prescription medication that is to be taken **as needed**, as opposed to "routine" medication that are taken on a regular schedule (e.g., every morning, or twice a day).

Complete all boxes in the graph below. The first line is given as an example. Wait 30-60 minutes before documenting the response.

Resident Name	Date	Time	Staff Signature	Drug - Strength - Dose	Reason Given	Response	Date	Time	Staff Signature
Jane Doe	3/4/13	7:00 ^(AM) PM	<i>RAMEARS, MA</i>	Tylenol – 500 mg – 1 tab	Headache	Better	3/4/13	7:30 ^(AM) PM	<i>RAMEARS, MA</i>
