

2-Hour Consultation
For Topics Unrelated to Licensure or Vendorization

A *2-Hour Consultation* can serve a variety of your needs. We have encountered many situations through our contacts with hundreds of facilities and can use this expertise to guide you through your individual situation. The following is a sample list of topics that can be discussed, or services that can be provided to you during this consultation:

- Deciding if opening a facility is right for you.
- Problem solving issues you are experiencing with licensing or the regional center.
- Addressing staff or consultant issues.
- Letter writing (up to 3 pages, as time allows).
- Completing annual updated documentation required by licensing, such as LIC 308, 309, 500, 610, 9020, Admission Agreement, and Plan of Operation components.
- Discussing licensing deficiencies, or regional center citations of Substantial Inadequacies, Immediate Dangers, or Plans Of Correction.
- Discussing regional center appeals and the appeal process. The preparation of your appeal will incur an additional charge as specified in our *Products & Services Price List and Policies*.

Please inquire about other topics of interest to you. We are experts in many issues that arise in the daily operation of a CCF. If you purchase additional products or services following your 2-hour consultation, you will receive an automatic 15% discount on them.
