

ARF Restricted Health Condition Exception Request

California Health and Safety Codes define a Community Care Facility (CCF) as providing non-medical residential care. Residents who require specialized medical care generally may not reside in CCF's, though there are exceptions. Exceptions (or waivers) can be granted to an Adult Residential Facility (ARF) for certain "allowable health conditions," which are also referred to as "Restricted Health Conditions" or those requiring "Incidental Medical Services." In an ARF, these are:

- Use of inhalation-assistive devices
- Colostomy/ileostomies
- Requirement for fecal impaction removal, enemas, suppositories
- Use of catheters
- Staph or other serious, communicable infections
- Insulin-Dependent diabetes
- Stage 1 and 2 dermal ulcers
- Wounds
- Gastrostomies
- Tracheostomies

If the licensee of an ARF chooses to accept or retain a resident with a Restricted Health Condition, they must first obtain an "exception" (or waiver) from Community Care Licensing Division.

RA Mears Consulting can provide you with everything you need to request an exception (or waiver) that meets Title 22 requirements, including:

- A cover letter to CCLD requesting the exception or waiver.
- An addendum to your Plan Of Operation.
- A sample Restricted Health Condition Care Plan.
